

**STRUCTURAL  
PANELS INC**

# **PROLINER**

# **PVC WALL & CEILING PANELS**

## **PROTECT**

**PROLINER** forms a barrier between your wall and the elements that can harm it. Whether it is moisture or harsh cleaning chemicals, **PROLINER** is your best line of defence.

**EASY TO INSTALL**

**DURABLE**

## **RENEW**

Moisture, chemicals and dirt will test any finish. **PROLINER** instantly transforms dingy old walls into a bright, clean environment that you can be proud of.

**LOOKS GREAT**

**HYGENIC**

## **EXTEND**

Your walls do more than simply support the roof, they house your investment. **PROLINER** protects and extends the life of your walls and your investment.

**LOW MAINTENANCE**

**FOOD-SAFE**

## **PVC WALL & CEILING PANELS**

The technology that is already protecting concrete from some of the harshest environments in the world can now protect your existing walls and ceiling.

**PROLINER** fastens to your structure and instantly transforms dark, dingy walls into a clean and bright environment that is resistant to corrosion, fade and dirt.

PANELS INC**

# **PROLINER** PVC WALL & CEILING PANELS

## **YOUR BEST LINE OF DEFENCE FOR:**

**PROLINER** protects your walls from the constant heat, moisture and chemicals of your wash while creating a bright, welcoming environment for your car wash customers.

**PROLINER** is easy to clean and will not support the growth of mold so you can stop being concerned about the health of your walls and think only about the health of your livestock.

**PROLINER** is durable but it is also hygienic. Extruded from food-grade PVC, it can be used in food processing facilities, clean rooms and anywhere that biosecurity is important
